Proctor training – Ms. Maestas informed the Board that she has contacted the NIC testing company. They will send someone from Utah to proctor the examination. The charge for that will be \$1000.00 plus 1 night room. Ms. Maestas explained to the Board that they are willing to proctor the examination, but part of the new law states that the results have to come from the testing company to the candidate

within 10 days, the testing company will not do this. They have procedures in place to deliver the results of the examination to the State Boards via a portal that is online. Ms. Wesley-Winn asked what the turn around time is from taking the test to getting the results. Ms. Maestas explained the procedures of the getting results. Ms. Maestas explained that maybe 6 to 7 days to get results. Ms. Hathaway suggests that can we explain to the candidate about the results. Ms. Maestas suggests talking to the Boards attorney and asking what is the best way to handle this situation. Ms. Hathaway made a motion to hire NIC to proctor this examination.

He currently has 2400 square feet in the school and the barber shop has an additional 1600 square feet. There is an opening between the 2 buildings. By adding this building it would expand the school to 31 chairs. Ms. Maestas asked to explain how wide the doorway is. Mr. Byron explained that it was handicap accessible. This would be 2 different rooms. Mr. LaShore asked how much visibility is there from one room to the next. Mr. Byron explains that he has cameras in there so that he can see. He explained how the cameras worked. Ms. Hathaway asked if there could be windows put in to the wall, Mr. Byron explained that that was a fire wall so it would be impossible to put windows. Ms. Hathaway made a motion to approve this location for adding on to Nevada Barber College as long as it meets all the requirements. Ms. Wesley-Winn seconded the motion. Ms. Maestas informed Mr. Byron that he would have to submit a new application. Mr. Byron told the Board that he has some conflict with the new school that has opened. Ms. Maestas suggests for Mr. Byron to get a foot pump chair in his school so that they do not have to go to the new school. Mr. Byron also brings up that in the NAC it states that you cannot charge for services in a school. In the NRS it does state that you can charge for services. Mr. Byron states he has not charged for services, Mr. LaShore states that he has been in the school before where people were paying. Mr. Byron states that they were donations. Mr. Byron was told that yes he can charge for services.

Plan of Action for AB 62 – Ms. Maestas explained to the Board that AB 62 was approved to form a task group to gather information on our licensees to see if they are veterans or not. The information that they want is, are you a veteran, what branch, what was your specialty job, what dates did you serve. Ms. Maestas explained that the board can send out a survey to all licensees and ask these questions now that it is renewal time. After we gather all the information at renewal time, we can ask these questions to all new candidates testing.
